

## **FAIR CHANCE PROJECT – WALKING THE YARD Mentor Agreement**

I \_\_\_\_\_ acknowledge and comprehend the requirements to participate in the Walking the Yard Mentoring Program. I will demonstrate my sincerity and dedication by my attendance at group meetings, positive attitude, cognitive thinking, insight, and awareness of my actions in representing the Walking the Yard Program.

As a Walking the Yard Mentor, my primary focus will be geared toward helping participants navigate and recognize the many pitfalls of prison life as well as helping them understand the consequences of negative and/or disruptive attitudes on a variety of subject matters through in depth group discussions and one-on-one conversations.

Participants must have personal integrity in doing the right thing whether in the presence of others or alone and uphold the values and morals of a person committed to changing the direction of misguided youth or any person that will be introduced to me by Fair Chance Project – FCP.

If I disrupt, disrespect, or cause damage to any person or persons, I acknowledge that I will be held accountable for all my actions and be dismissed from the program.

Upon my release from prison, I will if at all possible, continue to work with Fair Chance Project in their efforts to change lives and make a difference towards making a better community.

I am over the age of 18 and I sign this form of my own free will as a participant in the Fair Chance Project – Walking the Yard Mentoring Program.
